OFFICE OF THE CHANCELLOR

15 October 2015

MEMORANDUM NO. 138
Series of 2015

TO : All Deans and College Secretaries

SUBJECT : Search for the 2016 BPI-DOST Science Awardees

The Bank of the Philippine Islands (BPI) Foundation is now accepting nominees for the 2016 BPI-DOST Science Awards. This award encourages promising young students to reach higher levels of excellence in science, technology, engineering, and math (STEM) fields. The science competition also enables young scientists and innovators to address the pressing societal and environmental issues of this generation.

For this year, the theme is “Engineering the Future Through Environmental Sustainability,” which is aimed at research and technology that supports human well-being while sustaining natural (environmental) systems. The theme supports engineering research that seeks to balance society’s need to provide ecological protection and maintain stable economic conditions.

All nominees from UPLB shall be evaluated by a UPLB Selection Committee using the guidelines from BPI. Please ensure that the required documentation of the nominee is complete. The list of required documents as well as the guidelines and application forms are included in the attached information materials sent by BPI Foundation Inc. These materials can be requested from the Office of the Vice Chancellor for Academic Affairs through its email address ovcaa_uplb@yahoo.com.ph.

Kindly submit a maximum of three (3) nominees from your college to OVCAA not later than 6 November 2015.

Thank you very much.

FERNANDO C. SANCHEZ, JR.
Chancellor
