ORGANIZATION

The University of the Philippines is administratively organized as a System comprising the autonomous units of U.P. Diliman, U.P. Manila, U.P. Los Baños, U.P. Visayas, U.P. Open University and U.P. Mindanao. Each autonomous unit is headed by a Chancellor who is appointed by the Board of Regents (BOR) upon recommendation of the UP President for a term of three years.

In UPLB the Chancellor is assisted by five Vice Chancellors as follows:

1. Vice Chancellor for Instruction
2. Vice Chancellor for Research and Extension
3. Vice Chancellor for Planning and Development
4. Vice Chancellor for Administration; and
5. Vice Chancellor for Community Affairs

There exists a Director for Students who coordinates activities related to student services, welfare and discipline.

Academic units are headed by Deans who are appointed by the Board of Regents for a term of three years. The Deans of large colleges are assisted by an Associate Dean and a College Secretary.

The most basic constituent of the academic hierarchy is the department/institute. It is headed by a chairman/director who is appointed for a term of three years.

The University Council

There exists a University Council (UC) in each constituent University consisting of faculty members of the units therein with the rank of assistant professor or higher. The Chancellor serves as the Chairman of the Council\(^1\). The University Registrar is the ex officio Secretary of the Council\(^2\).

The UC has the following powers:\(^3\)

1. To prescribe the courses of study and rules of discipline, subject to the approval of the Board of Regents;
2. To fix the requirements for admission to any college or school of the University;
3. To fix the requirements for graduation and the receiving of a degree;
4. To recommend to the Board of Regents students or others to be recipients of degrees; and
5. To exercise disciplinary powers over the students, through the Chancellor or Executive Committee, within the limits prescribed by the rules of discipline approved by the Board of Regents.

\(^1\) 828\(^{th}\) BOR, Dec. 21, 1972, Sec 11.
\(^2\) Art. 21, as amended at the 861\(^{st}\) BOR meeting, May 29, 1975.
\(^3\) Art. 19, as amended at the 828\(^{th}\) BOR meeting, Dec. 21, 1972.
The UC meets at such times as the Chancellor may determine. However, he shall issue a call for a special meeting when requested by a majority vote of the Executive Committee or upon the written request of one-third of the members of the Council.  

Every member of the UC shall be required to attend all its meetings but any member may be excused from attendance for reasons his Dean or Director consider satisfactory.

Members of the faculty who have to attend Council meetings are authorized to assign some work that their students need to do within the meeting time. 

A quorum of the UC shall consist of seventy-five members.

The Academic Personnel Committee

In order to foster greater involvement of the faculty and other academic personnel in appointments, promotions, and other personnel matters that directly affect them, academic personnel committees at the department/institute and college levels are appointed in the various units of the University. These committees constitute an integral part of the academic personnel system of the University which also includes the Academic Personnel Board created by the BOR at its 789th meeting on November 25, 1969.

\[4\text{ Art. 22, as amended at the 828th BOR meeting, Dec. 21, 1972.}
\[5\text{ Art 24.}
\[6\text{ Art. 25.}\]
FACULTY MEMBERS

The body of teaching staff of each college or school constitutes its faculty. They are employed by the University to carry out its instruction, research and extension functions.

The regular members of the teaching staff include the University Professors, Professors, Associate Professors, Assistant Professors and the Instructors. The non-regular members include the Lecturers, Professor Emeritus, Visiting Faculty, Adjunct Faculty, Affiliate Faculty, Teaching Associate/Fellow and REPS given authority to teach.

The University Professor position is the highest academic rank in the University of the Philippines. It is conferred by the Board of Regents, on recommendation by the University President, upon a select few among the faculty in active service for exemplary achievement in their field. Once conferred, the appointment is coterminus with service to the University unless revoked for very serious cause.

Qualifications of a University Professor

a. He must be an “outstanding scholar and scientist” as shown by the quality of his publications and researches in his principal field of study and in allied fields.

b. He must have an “expert knowledge in one field or division (this refers to the three divisions of humanities, natural sciences, and social sciences)” and a good acquaintance with at least one other subject within another division.

c. He must be known for intellectual maturity and objectivity in his/her judgment.

d. He must have a high reputation among his colleagues and other scholars.

More information on the other regular members of the faculty are discussed under Faculty Tenure.

Adjunct Faculty is an appointment given to a recognized expert in his/her field who is not employed by the University and who is willing to devote part of his time to teaching or research in the University, for which he shall not receive compensation. He has no teaching rank in his mother unit (if any). A prospective appointee is given an adjunct faculty appointment commensurate to his academic qualifications (Adjunct Professor, Adjunct Associate Professor as the case may be).

Lecturer is a designation given to a non-teaching staff of the University who is requested to teach outside regular office hours. This may also be given to a person with

no regular appointment in the University and is requested to teach in any unit of the University. A lecturer is compensated on an hourly basis in accordance with approved U.P. policies. Tabulated below are lecturer ranks which are matched with comparable regular faculty ranks and the appropriate SSL salary grades. It should be understood that the “comparable” faculty ranks for lecturers have been used only as a guide for computing the compensation rates of lecturers. It should NOT be taken to mean that a lecturer who is appointed later as a regular faculty may count on being appointed to the comparable faculty rank. The determination of the rank for regular full time or regular part-time (including those of former lecturers) shall be subject to the usual criteria used to evaluate the recommendations. In all appointments to the positions of lecturers, senior lecturers or professorial lecturers in the University, nominees who are connected with the other branches of the Government shall present written permits from the department head concerned, and shall state the total number of hours a week they are teaching in other schools. [Art. 161 as amended at the 759th BOR meeting, June 15, 1967 and 845th meeting, April 25, 1974]

A professorial lecturer is equivalent to an associate professor or full professor in the regular class. Unless the candidate for the position is outstanding in his line of study and his competence and prestige entitle him to recognition as an expert by his colleagues in the field, he shall not be recommended for a rank higher than that of senior lecturer. [Art. 162, as amended at these BOR meetings: 759th, June 15, 1967 and 845th, April 25, 1974]

**Visiting Faculty** is a designation given to a faculty member of another academic institution who is teaching in the University. The terms of employment depend on the memorandum of agreement executed by the University with the mother institution of the individual concerned or upon the terms of invitation. Compensation will be on a case-to-case basis.

**Affiliate Faculty** is a designation given to a staff of a U.P. unit who is tapped to teach a course in another U.P. unit and given teaching load credits in accordance with

9 *ibid.*
10 *ibid.*
pertinent existing policies. The same designation is given to a Research Faculty or a REPS of UPLB who is requested to assume teaching duties in one or more of its teaching units. The appropriate faculty designation is based on the credentials of the appointee (e.g. Affiliate Professor, Affiliate Associate Professor)

**Teaching Associate (TA)** is a designation given to an M.A/ M.S. student who is assigned to teach 6 to 9 units of the undergraduate courses in the Department where he/she is enrolled in as graduate student. A TA is required to enroll in six (6) to nine (9) units of graduate course work or six (6) units of thesis work in addition to his/her teaching assignment.

**Teaching Fellow (TF)** is a designation given to a Ph.D. student who is assigned to teach 6 to 9 units of undergraduate courses in the Department where he/she is enrolled in as graduate student. A TF is required to enroll in six to nine (9) units of graduate course work or twelve (12) units of dissertation work.

**Authority to Teach** is given to an academic non-teaching staff of the University who is requested to teach in the same unit where he/she is employed. He/She receives no additional compensation. Likewise, an academic staff who is requested by the Department of Humanities, College of Arts and Sciences to teach a foreign language like Japanese, French or German is given authority to teach.

**Professor Emeritus** is a designation given to a retired faculty member with the rank of professor if he has rendered at least 20 years of active and faithful service to the University and has achieved marked distinction as a productive scholar, artist, or scientist, or is widely acknowledged as an effective and dedicated teacher. A special committee, appointed by the President, will be responsible for nominating retired professors for an emeritus appointment, the nomination to be submitted to the President of the University who, upon his discretion, may endorse the matter to the Board of Regents for approval; provided, that this procedure shall be without prejudice to any nominations which may be submitted by the faculty of the unit.

The rank of Professor Emeritus is a title for life. In other words, once a faculty member is appointed as such, his appointment need not be renewed.

A professor emeritus may be given a teaching assignment by the Dean of the college, subject to approval by the Chancellor. No faculty member, including a Professor Emeritus, beyond 70 years old, shall be given any teaching assignment. However, if there is need for the teaching services of a faculty which cannot be met by any regular faculty member or lecturer under age 70, a Professor Emeritus over 70 years old may be given a teaching assignment, subject to the approval of the President.

12 1092nd Meeting of the Board of Regents held on 29 November 1995
13 ibid
14 ibid.
15 Art. 207
16 Excerpts from the Executive Order issued by former Pres. Jose V. Abueva dated 13 July 1989
17 ibid
A Professors Emeritus with teaching assignment is paid a monthly transportation allowance for a 3-unit course.\textsuperscript{18} The same benefit is paid to one given a research assignment.\textsuperscript{19} Adjustment of the monthly allowance is made accordingly for Professor Emeriti teaching less than the equivalent of 3 units or 48 hours/semester.

**The Graduate Faculty.** A qualified faculty member may be issued an appointment to the Graduate Faculty based on the following criteria: (a) must have a graduate degree and (b) must have handled at least a course at the 100-level for two semesters. Likewise, affiliate, visiting, adjunct faculty may likewise be considered. Appointment to the graduate faculty is temporary. Processing of recommendations to the said position is initiated by the department chairman/institute director and endorsed by the Dean of the academic unit and the Graduate School and approved by the Chancellor.

The graduate faculty has administrative jurisdiction over all graduate degree programs and recommends to the Board of Regents through proper university channels, the institution, revision or abolition of graduate courses and programs.

**Appointment of Faculty Members**

A prospective faculty member is screened for appointment on the basis of merit. His academic transcript of records, training, service record, publications or research are examined by the department chairman/institute director and the department academic personnel committee. Religious affiliation is not considered among the criteria for appointment. Members of the faculty are also exempted from any civil service examinations or regulations as a requisite for appointment.\textsuperscript{20}

Recommendations for appointment and promotion in the faculty shall be made in accordance with existing policies, guidelines and such rules or procedures as may be prescribed by the President, and shall be strictly in consonance with a plan of standardization of faculty positions.

It is the policy of the University to discourage nepotism\textsuperscript{21} in appointments to the academic and administrative staff of the University except in cases where the interests of the University require otherwise and the BOR so decides. This policy shall be observed and applied within the individual units of the University, such as the colleges and schools. [Art. 163, as amended at the 754\textsuperscript{th} BOR meeting, Jan. 20, 1967]

No person shall be eligible for appointment or reinstatement as a regular member of the faculty of this University during the term for which he has been elected to any political office. [Art. 164.]

\textsuperscript{18} 1048\textsuperscript{th} meeting of the BOR on 2626 March 1992, with amendments at these BOR meetings: 1087\textsuperscript{th}, 22 June 1995 and 1126\textsuperscript{th}, 26 November 1998.
\textsuperscript{19} 1087\textsuperscript{th} meeting of the BOR on 22 June 1995
\textsuperscript{20} Art. 158.
\textsuperscript{21} Nepotism is prohibited in so far as administrative personnel is concerned [Sec. 49, PD 807]
No person who has been defeated as a candidate for any political office in an election shall be eligible for appointment or reinstatement as a regular member of the faculty within a year after the election. [Art. 165]

No person shall be appointed to the faculty on part- or full-time basis, with or without compensation, if said person is on the staff of any private university or college in the Philippines; Provided, that when the immediate requirements of the University justify the appointment and no other applicant approximates the needed high professional and scholastic competence, such a person may be appointed on a year-to-year basis until another, who possesses the desired competence and is not connected with other educational institutions, is available and willing to accept such appointment [Art. 167]

The precise terms and conditions of every appointment shall be stated in writing. In case of non-renewal of a temporary appointment, the person concerned shall be informed in writing by the dean at least sixty days before the expiration date. An appointment with tenure may be terminated by resignation, retirement or removal for cause. 22

Effectivity of Appointment

The effectivity of appointment shall be the date of actual assumption by the appointee but not earlier than the date of issuance of the appointment which is the date of signing by the appointing authority. No appointment shall be made effective earlier than the date of issuance. No official/employee shall be required to assume duty without furnishing him with a copy of his appointment after it is issued and signed by the appointing authority. 23

The effectivity of appointment of an employee can be affected by any of the following: (a) date of issuance of the residence certificate; (b) date and result of medical examination; and (c) date of issuance of NBI clearance.

22 Art 179b.
23 Memorandum Circular from Civil service Commission
FACULTY DUTIES AND RESPONSIBILITIES

Teaching load. A normal teaching load of 12 units per semester or its equivalent in colleges or units observing the trimester or other systems shall be required of each faculty member; Provided, however, that no member of the faculty shall teach less than six (6) units per semester; Provided, further, that the President or Chancellor may reduce the teaching load to not less than three (3) units per semester, of any faculty member who is actively engaged in research, community service, and/or other authorized activities; and Provided, finally, that no faculty member shall be allowed an aggregate teaching load of more than 36 units for the first and second semesters of any given academic year, including authorized teaching outside the University of the Philippines System, unless otherwise given prior authorization by the President or Chancellor due to exceptional circumstances.24

All faculty members receiving salaries as faculty members should be able to account for their 12 units “normal load” per semester. If a faculty member is underloaded in a semester, the underloading could be made up in the next semester or the summer session so that the 24 units are accounted for in a school year.25

University Professors without administrative responsibilities are granted a 6-unit teaching load reduction (from the required teaching load of 12 units) to enable them to devote more time to research and university-wide concerns.26

For purposes of overload, the teaching load of faculty administrators, i.e., UP officials, deans, directors, department chairs and heads of units shall be limited to six (6) course credits per semester or twelve (12) course credits per year.27

The maximum teaching load that can be handled by administrative personnel and REPS who were given permission to teach is six (6) course credits per semester, including their load within and outside UP (if any).

Computation of Teaching Load. The teaching load is computed on the basis of contact hours devoted to handling a class. For undergraduate courses, at least 16 hours, evenly distributed throughout the term, devoted to lecture, discussion, or recitation, or to any combination of these or at least 32 hours supervision or laboratory work, field work, or related student activity shall be credited as one unit of teaching load; Provided, that in exceptional cases, the President or Chancellor, in his discretion may consider at least 24 hours of laboratory or similar work as the equivalent of one (1) unit of teaching load.

25 Excerpt from Memorandum No. 97-100, dated 7 November 1997 issued by former Vice-President for Academic Affairs, Dr. Olivia C. Caoili.
26 Memorandum No. 00-08 from the Office of the Vice President for Administration issued on 26 January 2000.
27 Memorandum No. FN 01-18 from the Office of the UP President issued on 26 February 2001 which took effect during the first semester 2001-2002.
In the graduate level, courses may be given 1-1/2 times as much credit as those of undergraduate courses, upon recommendation by the Dean, subject to prior approval by the President or Chancellor in every case.28

High school courses shall be given nine-tenths as much credit as that of undergraduate courses.

Working Hours and Report of Service. Full-time members of the faculty and employees of the University shall be on duty for a minimum of forty hours during each week in accordance with a time schedule to be approved by the Chancellor. [Art. 215, as amended at the 828th BOR meeting, Dec. 21, 1972]

When the interests of the university service so require, the head of any office may request the proper authorities to extend the daily hours of labor for any or all of the employees under him, and may likewise require any or all of them to do overtime work not only on workdays but also on holidays. [Art. 217].

Insofar as it is consistent with their regular duties and if approved by the President, faculty members who are members of the National Research Council and similar institutions of the government may use official time in attending meetings of such institutions. [Art. 258].

Members of the faculty shall accomplish a certificate of service which shall be submitted, through the Dean or Director, to the Secretary of the University on each pay day, but those whose salaries are paid by the hour shall accomplish the daily time record. [Art.218]. The present practice is to submit the accomplished service report to the Human Resources and Development Office (HRDO).

Faculty Service Record.29 The Faculty Service Record (FSR) or Form 67 is the most important documentation of faculty service or workload. Every faculty member in residence (i.e. drawing U.P. salary as a U.P. faculty member) should accomplish Form 67 every semester or trimester. This includes even faculty members on full study leave with pay or on fellowships. REPS who hold faculty ranks should submit a Form 67 to the department or college they are attached to. For faculty members who are out of the country or otherwise indisposed (on sabbatical, sick leave, etc.), department chairs are requested to file Form 67 in their behalf. Teaching assistants/fellows, although not faculty members, are also required to accomplish the form every semester or trimester.

Faculty members teaching in more than one U.P. college are requested to fill-up separate forms in the other college so that teaching loads are recorded where they are taught, not where faculty members are based.

Credit for non-teaching activities. Although priority is given to teaching, the normal teaching load requirement may be partially satisfied by non-teaching activities such as research, authorized graduate studies, creative writing or other productive scholarship, community service, or by administrative work. The total maximum credit

29 Excerpt from Memorandum No. 97-94 issued by former U.P. President E.Q. Javier on November 14, 1997.
for the aforementioned non-teaching activities shall not exceed six (6) units, unless otherwise authorized by the president or Chancellor.

   The maximum credit for research work, creative writing, any other form of productive scholarship, or community service shall be six (6) units.

   The maximum credit for authorized graduate studies shall not be more than six (6) units; *Provided*, that this shall not be used as a basis for claiming honorarium for overload teaching.

   Administrative work as a non-teaching activity of a faculty may be credited as follows:

1. President, Vice Presidents, University Secretary, Chancellors, Vice Chancellors, their equivalent, Assistant Vice Presidents, PGH Director..................................................... 12 units

2. Faculty Regent, Deans, University Registrars, System Directors, Directors of National Centers of Excellence ................................................................. 9 units

3. Associate/Assistant Deans, Assistant Directors of System Offices, College Secretaries, CU Directors, Chairperson of Divisions/Departments, High School Principals, or their equivalents .................................................. 6 units

4. Assistant to University Officials (President, VPs, University Secretary and Chancellors only) ......................... 6 units

5. PDAs with special assignment and regular administrative duties ............................................................... 6 units

6. PDAs with special assignment but without regular administrative duties .................................................. 3 units

   Faculty members who are assigned as advisers of student theses shall not be entitled to reduction of teaching load due to such theses advising, but shall be given honoraria in accordance with University rules and regulations.

**Class sizes.** In general, before an undergraduate class is opened, there must be at least ten (10) students and for a graduate class, at least five (5) students. Present University rules require that any exceptions to this rule must have the special approval of the Chancellor on or before the last day of registration. The offering of small classes should be avoided.

---

30 Source: Excerpt from the Minutes of the 1142<sup>nd</sup> Meeting of the Board of Regents held on 26 May 2000
If the offering of a graduate course with less than five (5) students cannot be postponed or avoided, then the teaching load credit for the teacher equals the course credit. That is, there shall be no credit load multiplier.\footnote{Embodied in Memorandum No. 40 from the Office of the UP President issued on 21 July 1992. The same was reiterated in Memorandum No. MVG 01-45 from the Office of the Secretary of the University issued on 17 May 2001.}

**Consultation hours.** Each member of the faculty shall be available for consultation for at least ten hours a week during regular office hours. The dean or Director, in consultation with the faculty member, shall determine these hours at the beginning of every semester or term and shall designate the particular students and their number who shall consult with the teacher at the designated hours and rooms. In place of consultation work, the President may give the faculty member a different assignment, other than class recitation work, should he consider such assignment necessary.\footnote{Art. 221} Whenever the class schedule of a student conflicts with his consultation schedule, a special time for consultation in his case shall be arranged by the faculty member with the approval of the Dean or Director.\footnote{Art. 222}

**Class field trips.** Request for field trips should be submitted to concerned authorities at least three weeks before the scheduled trip using UPLB Field Trip Form No.1. The field trip should not push through until the request for such has been approved by the appropriate authority. No field trips should be scheduled after the last day of holding class activities. Students should be notified of such field trip at the start of the semester so they could make the necessary arrangements, especially with their class schedules.\footnote{Memorandum No. 11 from the Office of the Chancellor issued on 28 January 2002.}

**Attendance at meetings.** Members of the faculty of one college giving instruction in another college may attend the faculty meetings of the latter, and shall have the right of speech and vote on questions involving the courses they are giving in the latter or the students registered in said courses.\footnote{Art. 73}

**Academic Freedom.**\footnote{Art. 175 and Art. 176} Members of the teaching staff enjoy academic freedom. *Provided, however,* that no instructor in the University shall inculcate sectarian tenets in any of the teachings, nor attempt either directly or indirectly, under the penalty of dismissal by the Board of Regents, to influence students at the University for or against any particular church or religious sect or political party.

Academic freedom is the right of the teacher to teach the subject of his specialization according to his best lights; to hold, in other subjects, such ideas as he believes sincerely to be right; and to express his opinions on public questions in a manner that shall not interfere with his duties as a member of the faculty or negative to his loyalty to the school, college, or university that employs him. Within this specific framework, the following principles are hereby declared:

a. The University of the Philippines shall not impose any limitation upon the teacher’s freedom in the exposition of his own subject in the classroom or in addresses and publications;

b. No teacher may claim as his right the privilege of discussing in his classroom controversial topics that are not pertinent to the course of study that is being pursued;

c. The University of the Philippines should not place any restraint upon the teacher’s freedom in the choice of subjects for research and investigation undertaken on his own initiative;

d. The University of the Philippines should recognize that the teacher, in speaking or writing outside of the institution upon subjects beyond the scope of his own field of study, is entitled to the same freedom and is subject to the same responsibilities as attached to all other citizens but in added measure;

e. It is clearly understood that the University of the Philippines assumes no responsibility for views expressed by members of its staff; and the faculty members themselves should, when necessary, make it clear that they are expressing only their personal opinions;

f. If the conduct of a teacher in his classroom or elsewhere should give rise to doubts concerning his fitness for his position, the question should in all cases be submitted first to a committee of the faculty, and in no case should any member of the teaching staff be dismissed before the normal termination of his period of appointment without full and open hearing before the Board of Regents, should he desire it, and only upon sufficient notice.

Provided, the total number of lecture hours does not exceed nine (9) hours in a given semester. The faculty member must be present in all the lectures.
The faculty member must obtain the consent of:

(B) The Dean, when the lectures exceed four and half up to nine (9) hours.

If the faculty member concerned is the department chair, institute director, or dean, s/he shall obtain the consent of the next higher official. This rule shall not apply to cases where under a memorandum of agreement, part of the course is to be taught by a visiting professor.

Violation of this rule shall subject the faculty member concerned to disciplinary action. [Art. 261]

c. **Private Tutoring**

No member of the faculty shall be permitted to give private lessons to any student enrolled in his college or school and to accept payment thereof without the previous approval of the President. [Art. 256]

37 Revised during the 1159th meeting of the BOR held on 21 March 2002.

38 Articles 256 and 261 have not yet been amended such that the word “Chancellor” should be red in place of “President”. In practice, however, the function of the President provided for therein is now discharged by the Chancellor. Moreover, it is an administrative detail properly belonging to the Chancellor as chief executive officer of the autonomous university.

All information concerning a particular college or school shall be given by its Dean, Provided, that the information has to do with his college or school only and not with any other college or school of the University; Provided further, that the President may prohibit the publication or the release of any news affecting the University. [Art. 248]

Authors of articles appearing in University publications shall be severally responsible for the opinions expressed therein. [Art. 249]

g. **Enrolment Without Permission**

No member of the faculty shall enroll as a student in the University or in an outside institution without the permission of the Dean and the Chancellor. Permission may be granted only when, considering the teaching load of the faculty member, the nature and scope of the course he intends to take, and the time the course requires, such study will not impair his efficiency as a member of the faculty. [Art. 260, as amended at the 836th BOR meeting, Aug. 30, 1983]

h. **Organizations and Associations**

An organization or association of faculty members and employees, when authorized, shall submit to the President for approval a copy of its constitution and by-laws and shall be subject to such other conditions as may be prescribed by the President and approved by the Board of Regents. [Art. 270]

All employees and members of the faculty of the University shall forward all official communications which they may desire to bring to the notice of the President, the Board of Regents, or any of its members, through the proper Dean or Director, to the President for his action or decision or for transmission to the Board of Regents, as the case may be.39 [Art. 271]

In the coursing of all proposals for presentation to the University Council, the following procedure shall be followed:

1. The faculty or member of the Council shall submit his proposals to the Chancellor through the Secretary of the Council;

---

39 ARTICLE 271 has not been amended yet such that the word “Chancellor” should be read in place of “President”. However, although the Chancellor is not specified in Art. 271 as a channel of communication, all communications addressed to or intended for the President or the Board of Regents originating from any unit, official, or employee of an autonomous university must be coursé through the Chancellor inasmuch as he is the chief executive officer of the autonomous university.
2. The Chancellor in turn shall direct the secretary to refer the proposals to the appropriate committee of the Council;

3. The committee shall report its action to the Chancellor through the Secretary for submission to the Council. [Art. 77, as amended at the 828th BOR meeting, Dec. 21, 1972. The amendment is by virtue of the resolution of the Board adopted at the aforesaid meeting, reorganizing the U.P. into the U.P. System, section 11 of which provides that the Chancellor shall be the Chairman of the University Council.]
FACULTY TENURE

_Instructor_\(^{40}\)

1. The initial appointment in the University to the rank of Instructor shall be temporary in character, for a period not exceeding one (1) year.

2. A temporary appointment shall automatically terminate at the end of that one-year period unless the Chancellor or the President, upon recommendation of the Dean of the unit, renews that appointment for a period of one (1) year. In no case however, under normal circumstances, shall such renewal exceed five (5) years from the date of the initial appointment.

3. After an Instructor has served three (3) years, it shall be mandatory for the head of the academic unit (e.g., department) to review his/her tenurability, and to inform him/her of possible non-renewal of appointment at the end of the fourth year. After the Instructor has served for four (4) years, the same review should be undertaken. This review shall be regularly reported to the Dean.

4. After that five-year period, RECKONED FROM THE DATE OF ORIGINAL APPOINTMENT AS INSTRUCTOR (REGARDLESS OF STATUS AS CASUAL, SUBSTITUTE, OR WITH ITEM), the appointment shall automatically terminate, unless the Instructor is promoted to the rank of Assistant Professor, with or without tenure; provided, that in the case of those pursuing master’s studies who are already in the thesis stage, the appointment may be extended for another year but not to exceed two (2) years, provided that the Instructor is properly informed of said condition.

5. Promotion to the rank of Assistant Professor shall be given only when the Instructor shall have obtained a graduate degree, or accomplished outstanding academic, creative, or professional work.

6. Other rules on tenure to the contrary notwithstanding, an Instructor may be given tenure under the following conditions: \(^{41}\)

   a) S/He has satisfied the qualifications for tenure provided in paragraph (D) of Article 178\(^{42}\);

   b) Appropriate academic bodies have acted favorably on his/her tenure as well as promotion to Assistant Professor except that, there is no funding for the promotion to Assistant Professor; and

\(^{41}\) Inclusive of amendments made during the 1153\(^{rd}\) meeting of the BOR held on 30 August 2001.

\(^{42}\) Paragraph D of Art 178 is discussed next page under Assistant Professors.
c) He/She has already served meritoriously for at least five (5) years.

**NB:** To facilitate the evaluation of a recommendation for tenure of an instructor, the department and college academic personnel committees as well as the university academic personnel board should each attach a corresponding certification that the respective personnel committee has favorably endorsed the promotion of the recommendee to the rank of assistant professor, although it cannot be implemented yet for lack of an appropriate item. Needless to say, the certification should be duly signed.

In meritorious cases, units may request the President to waive the rule for faculty on tenure track who require a reasonable, limited period of time to meet the requirements of tenure.

**Assistant Professor**

a. The initial appointment in the University to the rank of Assistant Professor shall be temporary in character; renewable every year for a period not exceeding three years.

b. Such appointment shall automatically terminate at the end of the three-year period unless the Assistant Professor is given tenure as provided in paragraph D below.

c. No person without a graduate or professional degree shall be initially appointed to the rank of Assistant Professor.

d. The minimum qualifications for tenure shall be the following. Units may impose stricter standards.

1. At least a master’s or equivalent degree or professional degree;

2. Satisfactory or better teaching performance; and

3. Sole or lead authorship of a refereed journal article (local or international) or academic publication by a recognized academic publisher or literary publisher in the case of literary work; or in the field of visual arts, creative work that was exhibited and juried, or a similar requirement in music and other performing arts.

**Associate Professor**

The initial appointment in the University to the rank of Associate Professor shall be temporary in character and for a period not exceeding two years. A renewal shall be with tenure on the basis of criteria set for faculty promotions.

43 Memorandum No. 99-69 issued on September 7, 1999 by Vice-President for Academic Affairs, Ma. Serena I. Diokno.
44 Art 178.
45 Art. 179
**Professor**

The initial appointment in the University to the rank of Professor shall be for a period of one year. A renewal shall be with tenure.

**“Up or Out” Policy**

The “up or out” policy basically refers to the faculty tenure rules. After the five-year period, reckoned from the original appointment as Instructor, the appointment automatically terminates unless s/he is promoted to the rank of assistant professor with or without tenure or unless s/he is in the thesis stage of his/her graduate studies in which item number 4 of the tenure rules for instructors mentioned above shall apply.

**Maximum Period of Temporary Appointment**

All initial appointments to the faculty (at whatever rank) shall be temporary.

a. Initial appointment at the rank of Assistant, Associate, or full Professor requires that the appointee has a graduate or Professional degree, or outstanding academic, creative or professional work.

b. All must serve for at least one year.

c. Maximum period of temporary appointment –

   - (1) as Instructor: 5 years
   - (2) as Assistant Professor: 3 years
   - (3) as Associate Professor: 2 years
   - (4) as Professor: 1 year

   d. After this maximum period, the appointment terminates unless the Assistant Professor, Associate Professor or Professor is given tenure.

Tenure and promotion are separate: no promotion in rank necessarily carries tenure with it.

*(Note: Anytime within each maximum period of temporary appointment, one may be promoted or given tenure.)*

**Transfer within the University**

Non-academic personnel on permanent status who transfer to the faculty shall be subject to the probation period prescribed by the University Code.

---

46 Art. 179b
47 Excerpts from the 1017th BOR meeting held on 8 December 1988.
48 With amendment cited in the faculty tenure of Instructors, item number 4.
49 As provided in Executive Order No. 3 issued by former President Salvador P. Lopez on February 17, 1970.
Academic non-teaching personnel on permanent status who transfer to the faculty shall be subject to the probation of the University Code.

**Transfer from an Outside Government Agency to the University**

An officer or employee from another government agency on permanent status who seeks transfer to the faculty of the University shall be issued a temporary appointment; provided, however, that a faculty member of another state university or college on permanent status may transfer to a similar position in the University and retain his permanent status, subject to any test of fitness that the University may impose.
FACULTY PRIVILEGES, INCENTIVES AND BENEFITS

A number of benefits, privileges and incentive schemes are available to UPLB faculty members. These are discussed below.

1. Honoraria

   a. **Overload Teaching.** Teaching in excess of the normal load of 12 units shall be entitled to an honorarium subject to existing rules and policies; *Provided,* that the maximum permissible overload for all courses taught in all units of the University in the two semesters of an academic year shall be 12 teaching units, subject to the condition that no faculty member shall have an overload in excess of 9 teaching units in any one semester; *Provided, further,* that any overload in excess of the foregoing shall be without pay; *Provided, finally,* that at least the minimum teaching load required shall have first been complied with. Honoraria for research, creative work, or community service shall be given in accordance with pertinent rules, regulations and policies.\(^5\)

   Overload payment for faculty administrators is based on teaching units and not course credits. At least three (3) course credits of the overload must be taught after office hours.\(^5\)

   Teachers of general education (GE) courses with at least twenty-five (25) students shall be credited with a teaching load credit equal to 1.33 times the GE course credit. However, this 1.33 GE multiplier shall not be used for meeting the normal 12-unit load requirement of faculty members. The multiplier shall be used only for claiming overload or summer teaching honoraria. If a teacher, by himself/herself, handles a large class (forty or more students), then he/she shall be entitled to a credit load multiplier (CLM) determined as follows:\(^5\)

   \[ \text{CLM} = \text{MIN} \left[ 2, 1 + \frac{n - 40}{120} \right] \]

   b. **Thesis Advising.** Faculty members who are assigned as advisers of student theses shall not be entitled to reduction of teaching load due to such thesis advising, but shall be given honoraria in accordance with University rules and regulations.

   c. **Summer Teaching Honoraria.** Faculty members who teach during the summer are entitled to honorarium for teaching a maximum of 6 units.

\(^{51}\) Discussed under Faculty Duties and Responsibilities.

\(^{52}\) Sec. 3 as amended at these BOR meetings: 861\(^{th}\), May 29, 1975; 1020\(^{th}\), April 25, 1989; and 1023\(^{rd}\), July 27, 1989.

\(^{53}\) Memorandum No. FN 01-18 from the Office of the UP President issued on 26 February 2001 which took effect during the first semester 2001-2002. [A portion is discussed also under Faculty Duties and Responsibilities: Teaching Load].

\(^{54}\) Memorandum No. 40 issued by the Office of the President on 21 July 1992.
d. **Honoraria for University Personnel.** University personnel appointed to a project shall be entitled to honoraria or allowances, *provided*, their services to the project shall be rendered outside their regular office hours in their respective units or offices, or their equivalent.

The total honoraria or allowances that such personnel may receive from several projects shall not exceed 100% of their basic salaries from the University. [Sec. 15 as amended at the 851st BOR meeting, Aug. 29, 1974]

e. **Honoraria for lecturers.** Payment of honoraria for special lecturers, resource persons or panelists shall be determined by the heads of units depending on such factors as official status, rank, academic degree, professional, technical or other qualifications; *Provided*, that the rate shall not exceed P100 per lecture hour. Certification by the heads of units of service rendered by such persons shall serve as basis for the payment of honoraria.55

2. **Leave privileges.** Leaves of absence in the University are classified as teacher’s leave, cumulative leave, maternity leave, vacation or sick leave and leave of absence for study.

a. **Teacher’s Leave.** Teacher’s leave shall be granted to full- and part-time members of the faculty who do not normally perform administrative functions. It shall consist of vacation and sick leaves, neither of which shall be cumulative. [Art. 224]

Teacher’s vacation leave shall consist of one month in each academic year in addition to the usual Christmas vacation. Such vacation leave may be taken only during the regular vacation periods of the University. In case of sickness for more than fifteen days during the regular class periods, vacation leave with pay not exceeding one month in lieu of the summer vacation may be allowed during the regular class periods. [Art 225, as amended at the 828th BOR meeting, December 21, 1972].

b. **Summer Service.** The Chancellor may detail faculty members as he may consider necessary to teach during the summer sessions of the University, but such members so detailed and who actually teach throughout the summer sessions shall be entitled to vacation throughout the next succeeding summer. [Art 226, as amended at the 828th BOR meeting, December 21, 1972].

c. **Teacher’s Sick Leave.** This shall consist of not more than fifteen (15) days excluding Saturdays, Sundays and holidays, in any one academic year. Absence of two days at a time shall not be approved unless a doctor’s certificate is submitted or unless the physical appearance of the faculty member clearly shows that he has been sick or seriously indisposed. [Art 228].

55 The rates for resource persons and lecturers in the standard rates of honoraria for training program in the University approved at the 1092nd BOR meeting on November 29, 1995 range from P500 to P1000 per hour.
d. **Special Leave.** Teachers who are designated to perform non-teaching functions and who are required to render the same hours of service as other employees shall be entitled to vacation and sick leave [Section 8 of CSC No. 41 s. 1998]. This particular provision, in effect recognizes the reality that certain teaching professionals are given additional tasks/responsibilities which are administrative in nature and which kind of a job necessitates office presence the whole year round. If one is entitled to vacation and sick leave, he should likewise be entitled to special leave privileges [Letter to Dir. Belinda V. Lopez, HRDO, UPS from CSC Asst Commissioner Adelina B. Sarmiento dated 11 August 2002].

e. **Cumulative Leave.** This shall be granted to members of the faculty who regularly perform administrative functions. Administrative functions pertain to offices which are normally necessary in the management of the affairs of the University and its units.

Faculty members who are engaged in assignments which involve reporting for work beyond the normal office hours, and which prevent them from taking advantage of the teacher’s vacation leave, both conditions being certified by the appropriate dean or director, may enjoy cumulative leave status. This privilege may be granted only when the assignment carries an official designation or appointment, lasting at least one academic year with the previous approval of the Chancellor. [Art. 230, as amended at the 710th BOR meeting, June 7, 1963 and at the 828th BOR meeting, Dec. 21, 1972].

Faculty members involved in research projects as Project/Study Leaders should request transfer to cumulative leave status if they cannot enjoy the teacher’s leave privilege. This is equivalent to 1.25 days sick leave and 1.25 vacation leave or a total of 2.5 days for summer period.56

f. **Leave Without Pay and Unexplained Absence.** Leave of absence without pay not to exceed one year at a time, shall be granted for good cause, the absence to be timed in advance so as not to interfere with the work of the University. [Art. 239, as amended at the 828th BOR meeting, Jan. 20, 1976]

Any member of the academic staff, officer, or employee of the University System shall be dropped from the service for unexplained absence for at least thirty days after the expiration of the period of leave granted. [Art. 240, as amended at the 75th BOR meeting, Jan. 20, 1967.

g. **Maternity Leave.** Maternity leave of six months (two months before and four months after delivery) shall be granted to married women members of the faculty. However if the health of the mother and her child so warrants, as evidenced by a medical certificate, the Chancellor may reduce the leave after delivery if her services are urgently needed. The leave may be extended if the health of the mother or the child as evidenced by a medical certificate requires it. In no case shall the period of leave be less than thirty days before and thirty days after delivery. [Art. 235, as amended at the 685th BOR meeting, April 14, 1961 and at the 828th BOR meeting, Dec. 21, 1972]

h. **Military Service Leave.** This shall be granted to members of the faculty, officers and employees [Art. 236] who may be called in accordance with the National

Defense Act or any other law for trainee instruction, or for regular active duty training. He/She shall be paid his/her salary during his/her absence for such purpose [Art. 237]. However, when he/she goes on voluntary training with the AFP without being obliged to go, he/she shall apply for leave of absence without pay. [Art. 238]

3. Study privileges.

a. Faculty members may be allowed to enroll in the University or other universities subject to the approval of the Chancellor and the restriction cited under Faculty Duties and Responsibilities (item g. Enrolment without permission) and the Privilege to Study approved by the BOR at its 836th meeting on August 30, 1973.

UP faculty members may avail of the privilege to study in the University in not more than 9 units per term/semester with free tuition fee and exemption from all miscellaneous and laboratory fees except Student Fund Fees (e.g. Collegian fee, Student Council fee, Student Publication fee). 57

b. Study leaves. 58 Faculty members may also avail of study leaves to pursue advanced studies in fields that are within the academic priorities of their department, college and university. In which case, a faculty member is allowed full deloading for their study loads. Full deloading can be availed of if a faculty member is allowed any of the following:

   i. FACULTY FELLOWSHIP
   ii. FULL STUDY LEAVE WITH PAY
   iii. FULL STUDY LEAVE WITHOUT PAY

To avail himself/herself of any of these study leaves, a U.P. faculty member must meet all the following conditions:

a. The faculty member must have proven teaching ability and commitment to serve as a U.P. faculty member, a good undergraduate record or (if any) good graduate academic record, positive evidence of interest in further academic and professional development, good physical health and the potential to complete advanced graduate studies and research.

b. The faculty member must have served at least one (1) year as a regular faculty member at the start of the award; provided that a faculty member substituting another who is temporarily sick, on maternity or study leave, shall not be entitled to study leave with pay or faculty fellowship. 59

c. The graduate program he/she will enroll in must be one of the academic priorities of his/her department, college and constituent university.

57 973rd BOR meeting, November 29, 1984.
58 1053rd BOR meeting, Aug. 27, 1992 as amended during the 1137th BOR meeting, Nov. 25, 1999 and 1142nd BOR meeting, May 26, 2000.
59 Source: 1137th BOR meeting held on November 25, 1999.
The choice of degree program and the college of enrollment must be approved by the Department Academic Personnel Committee or APC (if any), the department chairman (if any), the college APC or Executive Committee, the Dean, the Constituent University (CU), Academic Personnel and Fellowship Committee (AFPC), and the Chancellor.

d. The faculty member must study full-time, carry the normal graduate load for the program, and not engage in any other employment or practice of profession during the fellowship or full study leave (with or without pay).

e. The faculty member must sign a return service contract with the University and a corresponding suretyship agreement. The number of years of service that must be returned shall depend on the type of study leave and expenses incurred by the University.

No U.P. faculty member shall be allowed to go on any of the above study leaves unless all these conditions are met.

Faculty fellowships and full study leaves with pay (local or abroad) shall be reserved for faculty members with at least one year of service, who are tenured or being considered for tenure, are occupying a faculty item and are not mere substitutes for regular faculty incumbents, do not hold ranks higher than Assistant Professor, and are not more than (forty) 40 years old. In exceptional cases, the conditions on maximum rank or age may be waived subject to the recommendation of the Chancellor and approval by the President.

When a faculty member is awarded a faculty fellowship or goes on study leave without pay, his/her department gets the right to hire substitutes. Thus, the total teaching capacity of the department or college is not impaired. This is not the case when a department or college allows a faculty member to go on full study leave with pay because there are no funds to hire a substitute.

Faculty members on study leave may enjoy a fellowship or full study leave with pay as follows, subject to availability of funds, exigencies of service and based on merit:

a. For faculty members pursuing a master’s degree: at most two and a half years (30 months).

b. For faculty members pursuing a doctoral degree, up to four years (48 months) after a master’s degree or its equivalent has been earned.

c. For faculty on straight PhD Program: up to five years (60 months).

In very exceptional cases and on the recommendation of the CU AFPC, a chancellor may authorize an extra semester for those pursuing a master’s degree or an extra year for those pursuing a doctoral degree.

---

60 Ibid.
61 Inclusive of revisions approved by the BOR in its meeting held on 29 November 2001
The same limits on the total number of years imposed on faculty fellows shall be imposed on those on full study leave without pay.

A faculty member must execute a return service contract with the university with the corresponding suretyship agreement if he/she avails of any of the above three study privilege. Return service requirement is summarized below:

**Study leave with pay:**
- **Local:** 1 year service for every year or fraction thereof spent on fellowship or leave
- **Abroad:** 2 years service for every year or fraction thereof spent on fellowship or leave

**Study leave without pay:**
- Local and abroad: 1 year service for every 2 years of leave or a fraction thereof

**Study load reduction.** The grant of study load reduction or study load credits (just as the grant of full study leaves), is a collective faculty decision subject to consultation with the entire department or college faculty.

Study load credits of 3 (three) units or less are subject to the recommendations of the department Chairman, approval by the Dean and reporting to the Chancellor immediately after the last day of registration.

No faculty member in his/her first semester of teaching shall be granted more than 3 units of SLC or be allowed to enroll in more than 6 units of graduate courses.

Study load credits shall be awarded on a semester-by-semester basis, and shall be renewed subject to the academic performance of the faculty student and the need of the department or college for his/her regular faculty services.

**Enrolment Privileges.** Children and non-earning spouse of professors emeriti, full-time faculty members and other full-time U.P. personnel, including those on daily wage basis, with at least 5 years of aggregate service in the U.P. System are entitled to a certain percent waiver of tuition and other miscellaneous fees (except student fund fees). The percentage discount depends on the nature of appointment of the faculty. This shall apply only to dependents of personnel in actual service to the University and shall not apply when personnel are on leave without pay or on secondment without U.P. pay outside the University except if the U.P. personnel is on:

- Secondment to another government agency, or
- Secondment outside the country on an academic assignment, or
- Sick leave with or without pay

---

62 Ibid.
63 1053rd BOR meeting, Aug. 27, 1991
Dependents of deceased UP personnel who qualify for admission to the University or who are already enjoying enrolment privileges prior to the death of the UP personnel are allowed to continue enjoying the privileges until he/she finishes the degree.

The continued entitlement of a dependent shall be subject to his/her passing at least 60% of all units enrolled in the previous semester or term, unless the dependent’s failure to meet the condition is due to illness – in which case the full entitlement shall still be given in the next semester or term.

If the dependent fails to pass at least 60% of all units enrolled and illness is not a reason, then the dependent shall pay bracket 7 rates for the number of units enrolled in but not passed in the previous semester or term - before the entitlement is resumed in a succeeding semester or term.

4. Housing privileges

There are residential units available for lease to University employees. Information regarding availment, rules and rates, is available at the Staff Housing Office, Office of the Vice-Chancellor for Community Affairs.

5. Library privileges

Faculty members may borrow a maximum of 10 books from the UPLB Library for a period of one month. Fines are imposed for late return of borrowed materials.

6. Health Services

Every employee is entitled to health services at the University Health Service (UHS) from the start of employment until separation from service. All dependents are entitled as well at the rates fixed for dependents.

Faculty members in the final stages of dissertation/thesis writing can avail of this grant subject to availability of funds.

8. **Professorial Chairs**

Professorial chairs are positions supported by special endowments and awarded to members of the faculty at the tertiary level who have distinguished themselves in the fields they represent. A professorial chair is a form of recognition for achievement in the academe. Presently, the university awards chairs in various fields and General Education (GE) chairs. Nominations for appointment (original, renewal or reappointment) to a professorial chair shall be initiated by the Department/Institute Academic Personnel Committee and screened by the College Academic Personnel Committee. On the basis of the screening by the Committee, the Dean shall submit to the Chancellor the appropriate recommendations for appointment of the nominees.

For system-wide chairs, the nomination may be initiated by the department, through the chairperson; by the College, through the Dean; or by the Academic Personnel and Fellowship Committee (APFC) or the CU Committee on Professorial chairs, through the VCAA and the Chancellor. The President’s Committee on Professorial Chairs and Faculty Grants, whose members are appointed by the President, shall evaluate the nominations and recommend the candidates to the President.

A candidate for a professorial chair should be a regular member of the faculty with the rank of Assistant Professor or higher and as a general rule, should have served the University of the Philippines as a faculty member for at least five (5) years. In addition, the candidate should have shown outstanding performance in the following:

- **Teaching.** Master of the subject, conscientious in preparation for teaching, explains well and clearly, earns respect of students on account of intellectual superiority;
- **Intellectual Productivity.** Active in scholarship, publishes in academic venues or in visual and performing arts, exhibits or performs artistic work, contributes to the body of knowledge;
- **Service to the University and the Larger Community.** Participates in University Committees and activities, helps strengthen the institution, engages in public service.

General Education (GE) professorial chairs are system-wide chairs intended to promote the objectives of the General Education program, contribute to the philosophy or practice of General Education, and encourage faculty to apply pedagogical innovations toward the attainment of the goals of the program. The candidate to a GE chair should have taught a GE course for at least one semester in the year prior to the appointment. e. The department chairman or office head concerned shall see to it that a faculty or staff member granted permission to engage in limited practice of profession or in any other outside activity shall continue to faithfully discharge his duties as a faculty or staff member of the University of the Philippines and that conditions specified in d above are complied with.

The salaries and benefits of faculty administrators on TSA shall be paid by the second unit or System, as the case may be. If the faculty load is nine units, the payment shall be pro-rated between the second and the primary (home) units.

As provided by existing rules, the aggregate teaching and administrative load of a faculty member on TSA shall not exceed 36 course units per academic year.

c. For more effective planning of class schedules, the application for sabbatical should be filed with the immediate heads of units at least one semester before the intended effectivity of the sabbatical.

d. That the faculty member shall report back for service to the University immediately after his sabbatical.

Report back for service is understood to mean resumption of teaching duties or assumption of administrative assignment for at least two years.

e. The start of the sabbatical should be synchronized with that of a regular semester/trimester/quarter or summer, whichever is applicable, i.e., June or November so that the date of report of service will coincide with, or be close to, the beginning of another semester or summer.

Readmission of dismissed students. A student who is dropped from the rolls of a college/institute due to a dismissal status (includes double probation) may apply for readmission.

Application for readmission may be obtained from the Office of Student Affairs (OSA). Readmission of dismissed students shall be considered by the Deans, only upon the favorable recommendation of the OSA Director. Cases in which the action of the Dean conflicts with the recommendation of the Director of Student Affairs may be elevated to the Vice Chancellor for Instruction whose decision is final.

Readmission to any college, school or institute of the University is allowed only once.

Registration. A student must be officially registered in order to receive credit for course work. No student shall be registered in any subject after one week of regular class meetings have been held, unless the Dean, on the basis of his scholastic record, permits his registration; Provided, that if registration is made outside the regular registration period indicated in the University calendar, the student shall be subject to fine for late registration; Provided further, that special students may register at any time without the payment of the fine for late registration subject to other regulations of the University. Students may register for particular subjects within a semester when permissible under the system of instruction adopted by the college. [Art. 332].

Cross registration.

- Within the university. No student shall be registered in any other college of the University System without the permission of the dean or director of the college or school in which he is primary enrolled. A UPLB Form is accomplished for cross-registration purposes. A student who requests permission to cross-register for courses in another college should first complete his registration (including payment of fees) in the college where he is primary enrolled. The total number of units of credit for which a student may register in two or more colleges in this University should not exceed the maximum number allowed in the rules on academic load.
• **From another institution.** A student who registered in another institution and who wishes to cross-register in UP must present a written permit from his Dean or Registrar. The written permit should state the total number of units for which the student is registered and the subjects that he is authorized to take in the University.

• **To another institution.** The University gives no credit for any course taken by any of its students in any other institution unless taking such course was duly authorized by the Chancellor upon recommendation of the Dean concerned. The written authorization is to be recorded by the University Registrar and should specify the subjects authorized.

**Academic load.** For undergraduate students, the academic load is a maximum of 18 non-laboratory units or 21 units including laboratory except in courses where the normal semestral load is more than 18 units. However, a graduating student with very good academic record may be permitted to carry a heavier load in his last year. During the summer session, the normal load is 6 units, but in justifiable cases, the Dean may allow up to 9 units.

Required courses which a student failed take precedence over other courses in his succeeding enrolment.

On the graduate level, full-time students are allowed the normal load of 12 units or a maximum load of 14 units. During the summer session, the normal load is 6 units.

A graduate student employed on a full-time basis is allowed an academic load of not more than 10 units in any semester, whether in formal courses or in thesis, unless he has the prior approval of his Dean for a heavier load.

3. **Medium of Instruction**

English is generally used as a medium of instruction. The University Council of UP Los Baños approved on December 17, 1988 the adoption of the full use of Filipino as a medium of instruction for undergraduate courses which was implemented beginning June 1989 for a period of ten (10) years.

In the graduate level, Filipino is initiated and/or sustained as a non-exclusive medium of instruction. English is maintained as a medium of instruction.

4. **Attendance**

Any student who, for unavoidable cause, absents himself from class must obtain an excuse slip from the Dean. The slip must be presented to the instructor concerned not later than the second class session following the student's return. In addition, a certificate must be secured from the UPLB Health Service in case the absence is due to illness.
Excuses are for time missed only. All work covered by the class during the absence shall be made up to the satisfaction of the instructor within a reasonable time from the date of absence.

When the number of hours lost by absence of a student reaches 20 percent of the hours of the scheduled work in one subject, he shall be dropped from the subject. However, a faculty member may prescribe a longer attendance requirement to meet special needs.

Time lost by late enrollment shall be considered as time lost by absence.

**Excessive Absences.** When the number of hours lost by absence of a student exceeds 20% of the class hours, he shall be automatically dropped by the instructor from the subject. The table below gives the number of absences for the 20% rule to apply:

<table>
<thead>
<tr>
<th>No. of meetings per week (regular semester)</th>
<th>No. of absences</th>
</tr>
</thead>
<tbody>
<tr>
<td>3</td>
<td>10 or more</td>
</tr>
<tr>
<td>2</td>
<td>7 or more</td>
</tr>
<tr>
<td>1</td>
<td>4 or more</td>
</tr>
</tbody>
</table>

**Certificate of Illness.** Students absent from classes due to illnesses are required to get excuse slips from the University Health Service. These certificates are issued to students who consulted or were confined in the Health Service. Illnesses attended to elsewhere causing absences from classes shall be reported to the Health Service within three days after the absences have been incurred. Excuse slips for the above illnesses as well as for other illnesses of which the Health Service has no records are issued only after satisfactory evidences have been presented to the Health Service.

However, a faculty member may prescribe a longer attendance requirement to meet the special needs of a course. In such a case, the students must be informed.

If the majority of the absences are excused, the student shall not be given a grade of ‘5’ upon being thus dropped. But if the majority of the absences are not excused, he shall be given a grade of ‘5’ upon being thus dropped.

**Leave of Absence.** Leave of absence should be requested in a written petition to the Dean. The petition should state the reason for which the leave is desired and should specify the period of the leave. The leave should not exceed one year but may be renewed for at most for another year. When not taken in two (2) successive years, the aggregate LOA should not exceed two (2) years.

A student who needs to go on leave of absence (LOA) beyond the allowable period of two years should be advised to apply for an honorable dismissal without prejudice to readmission.

The college, through the Dean or his duly authorized representative, shall inform the University Registrar and the parents/guardian of every student granted the leave of
absence about such leave, indicating the reasons for the same and the amount of money refunded to the student.

For leave of absence availed of during the second half of the semester, the faculty members concerned shall be required to indicate the class standing of the student (passing or failing) at the time of the application for the leave. No application for leave of absence shall be approved without indicating the student's class standing by the instructors concerned. This, however, should not be entered in the official Report of Grades.

If a student withdraws after 3/4 of the total number of hours prescribed for the course has already elapsed, his instructor may give him a grade of 5 if his class standing up to the time of his withdrawal was below 3.

No leave of absence shall be granted later than two weeks before the last day of classes during the semester. If the inability of the student to continue with his classes is due to illness or similar justifiable causes, his absence during this period shall be considered excused. In such case, the student shall be required to present an excuse slip to the faculty members concerned.

A student who withdraws from the college without formal leave of absence shall have his registration privileges curtailed or entirely withdrawn.

**Maximum residence rule.** A student must finish the requirements of a course of any college within a period of actual residence equivalent to 1 ½ times the normal length prescribed for the course. Otherwise, he shall not be allowed to register further in that college.

This rule shall not apply to graduate students who are covered by specific rules or students governed by existing rules regarding a maximum period. Furthermore, account shall be taken of the provision of Article 243 of the Revised University Code which states that members of the faculty, officers and employees of the University have a privilege of enrolling in the University for not more than 6 units a semester at reduced rates of fees.

5. Curricular Change
   a. **Waiver of prerequisite.** Courses approved by the University Council as prerequisites to other courses may not be waived. However, in meritorious cases, a student who has previously enrolled and fully attended a course that is a prerequisite to another may be allowed to enroll and attend the latter course for credit, without having passed or earned credit for the prerequisite course.

Permission shall be granted only upon application by the student. The application shall be accompanied by a certification from the student’s instructor in the prerequisite course that the student had fully attended the said course. The application furthermore, shall be accompanied by a certification from the Dean of Students that the student’s failure to pass or earn credit in the prerequisite course was not due to disciplinary action imposed upon him.
Each college shall be authorized to grant the permission, and shall act through a Dean’s committee which shall determine the merit of the application.

The student who is granted permission under these rules is required to enroll in the prerequisite course simultaneously with the course to which the former is a prerequisite, or immediately in the next semester.

The permission which may be granted under these rules does not apply to courses in the General Education Program.

b. Changing of classes. All transfers to other classes shall be made only for valid reasons. No change of matriculation involving the taking of a new subject shall be allowed after 6% of regular class meetings have been held. The UP Form 26 is filled out for a change of matriculation.

c. Dropping of courses. A student may, with the consent of his instructor and the Dean, drop a course by filling out the prescribed UP Form before 3/4 of the hours prescribed for the semester term have elapsed, and not later. Any student who drops a course without the approval of the Dean shall have his registration privileges curtailed or entirely withdrawn.

If a course is dropped after the middle of the term, the faculty member concerned shall indicate the date and the class standing of the student at the time of dropping as either Passing or Failing solely for administrative guidance.

d. Substitution of courses. Every substitution of subjects must be based on at least one of the following:

- when a student is pursuing a curriculum that has been superseded by a new one and the substitution tends to bring the old curriculum in line with the new;

- conflict of hours between two required subjects; or

- when the required subject is not offered during the semester when the student needs it.

Every petition for substitution:

- must involve subjects within the same department, if possible; if not, the two subjects concerned must be allied to each other;

- must be between subjects in which the subject substituted carries a number of units equal to or greater than the units of the required subject.

All petition for substitution must be submitted to the Office of the Dean concerned before 12 percent of the regular class meetings have been held. Any petition submitted thereafter shall be considered for the following semester.

No substitution shall be allowed for any subject prescribed in the curriculum in which the student has a failing grade, except when, in the opinion of the department offering the prescribed subject, or of the faculty in units without any
department, the proposed substitute covers substantially the same subject matter
as the required subject.

All applications for substitution shall be acted upon by the Dean concerned. In
case the action of the Dean is adverse to the recommendation of the adviser and
the head of the department concerned, the student may appeal to the Vice
Chancellor for Instruction whose decision shall be final.

e. Enrollment of Thesis/Practicum/Dissertation. The UPLB University Council
approved the following policies on enrollment of thesis/practicum/dissertation:

i. For undergraduate thesis/practicum (course 200/200a) and master’s thesis
(course 300), the six (6) units total credit should be broken down for
registration each term in equal fractions of 2-2-2 or 3-3. For doctoral
dissertation (course 400), the semestral distribution of the 12 units total credit
should be 3-3-3-3 and 4-4-4.

ii. A grade of “S” or “U” should be given at the end of each term while work is
in progress. Upon completion of the work (when the student is ready to
submit the required number of copies of the approved manuscript), a
numerical grade should be given instead of “S” or “U”.

iii. A student who has already registered a total of 6 units for undergraduate
thesis/practicum or master’s thesis, or 12 units of doctoral dissertation but still
unable to finish the work, should continue registering one (1) unit per term
until he/she is able to submit the copies of approved manuscript, but only up
to a maximum of 3 terms (2 semesters, 1 summer) for undergraduate
thesis/practicum and 6 terms (4 semesters, 2 summers) for graduate

If at the end of this time limit, the student is still unable to submit copies of
the approved manuscript, he/she shall be given a grade of “U” and should re-
enroll all the 6 or 12 units. The same policies as in the first enrollment will
apply in this case.

6. Examinations and Grades

a. Integration period. A division or department chairman, with the approval of the
Dean, may authorize any member of his unit to suspend formal classes for a
period not exceeding three days before the final examinations to enable students
to review. In case of colleges with no divisions or departments, the suspension
may be done by any member of the faculty but also subject to the approval of
the Dean.

Faculty members who have been authorized to suspend their classes shall keep
regular hours for consultation work.

91 As approved by the University Council in its meeting held on 7 December 2001. Embodied also in
Memorandum NO. 57 from the Office of the Chancellor issued on 23 April 2002.
b. **Examinations.** The maximum period for each final examination shall be four hours. [Art 368] Students are no longer required to present a final examination permit to their instructors [UPLB University Council, May 20 1980]

A student who has received a passing grade is not allowed re-examination for the purpose of improving his grades. [Art 371]

c. **Grading system.** The performance of the students shall be rated at the end of each semester in accordance with the following grading system:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Excellent</td>
</tr>
<tr>
<td>1.5</td>
<td>Very Good</td>
</tr>
<tr>
<td>2</td>
<td>Good</td>
</tr>
<tr>
<td>2.5</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>3</td>
<td>Passed</td>
</tr>
<tr>
<td>4</td>
<td>Conditional Failure</td>
</tr>
<tr>
<td>5</td>
<td>Failed</td>
</tr>
<tr>
<td>Inc</td>
<td>Incomplete</td>
</tr>
<tr>
<td>Drp</td>
<td>Dropped</td>
</tr>
</tbody>
</table>

Grades of '1.25', '1.75', '2.25' and '2.75' may also be given but in no case shall they be more detailed than in multiples of 0.25 [Art 368]

For courses not requiring numerical grades:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>S</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>U</td>
<td>Unsatisfactory</td>
</tr>
</tbody>
</table>

A grade of ‘4’ means conditional failure. It may be made up for by successful repetition of the course, or by passing a reexamination. If the student passes the reexamination, he is given a grade of ‘3’, but if he fails, a ‘5’. Only one reexamination is allowed which must be taken within the prescribed time. If a student does not remove the grade of ‘4’ within the prescribed time, he may earn credit for the course only by repeating and passing it. A grade of ‘4’ given for the first semester work of a two-semester course shall be converted to a grade of ‘3’ if the student passes the second semester part of the same course in the same academic year; if he fails, the grade of ‘4’ which he received for the first semester work shall be converted to a grade of ‘5’. (Please see New Policies on the Grade of ‘4’ on page 43.)

The grade of Inc. is given if a student whose class standing throughout the semester is PASSING, fails to take the final examination or fails to complete other requirements for the course, due to illness or other valid reasons. In case the class standing is not passing and the student fails to take the final examination for any reason, a grade of 5 is given. Removal of the Inc. must be done within the prescribed time by passing an examination or meeting all the requirements for the course, after which, the student shall be given a final grade based on his overall performance.
d. **Grades.** If a student withdraws after three-fourths of the semester has already passed (this coincides with the last day for dropping of courses), the Instructor shall indicate in the grade sheet under Final Grade ‘DRP’ under Remarks ‘LOA’.

However, if a student withdraws after three-fourths of the semester has already elapsed, the instructor may give him a grade of ‘5’ if his class standing up to the time of his withdrawal was below ‘3’. If the instructor does not want to give him a grade of ‘5’, he merely indicates in the grade sheet under Final Grade ‘DRP’ and under Remarks, ‘LOA’. [Art 402]

‘LOA’ is not a grade and should appear only under Remarks.

e. **Removal of grades of ‘INC’ or ‘4’**. There shall be a regular period for removing grades of 4 and Inc. before the start of each semester.

Examinations for the removal of grades of Inc. or 4 may be taken without fee: (1) during the regular examination period, if the subject is included in the schedule of examinations, and (2) during the removal examination period, viz., the period covering ten days preceding the registration in each semester during which period, the examination is taken at the time that it is scheduled.

Removal examinations may be taken at other times on the recommendation of the Dean and upon payment of a required fee per subject. Students not in residence shall pay the registration fee on top of the examination fee (where required) in order to be entitled to take the removal examination.

A grade of 4 or Inc. may no longer be improved after the end of the third regular removal period immediately following the semester/term in which the grade was incurred. A grade of 4 received after removing a grade of Inc., however, must be removed within the remaining portion of the prescribed period for the removal of the original grade of Inc.

**Removal of ‘4’ in a Language Sequence course.** A student who obtains a grade of 4 in a basic sequence in languages (English, Filipino, Spanish) may enroll in the next higher course, subject to the following conditions:

1. If he passes the higher course, he automatically removes the 4 in the lower course. His teacher in the lower course submits a removal grade of 3 for him.

2. If he fails in the higher course, he may still remove the 4 in the lower course.

3. If he gets a 4 in the higher course, he should take first a removal examination in that course before taking a removal examination in the lower course. If he fails the removal examination in the higher course, he may take the removal examination in the lower course.
New policies on the grade of ‘4’. The UPLB University Council in its meeting held on June 27, 2000, approved the revision of the computation of the General Weighted Average (GWA) with a grade of ‘4’. This was subsequently approved by the President and presented by Vice-President for Academic Affairs, Ma. Serena I. Diokno to the 178th meeting of the President’s Advisory Council (PAC) held on March 22, 2001. The new guidelines shall take effect in the First Semester 2001-2002. This will apply initially to the new freshmen of SY 2001-2002. The revised guidelines are summarized below:

1. To compute GWA with a grade of ‘4’, use actual grade on the premise that ‘4’ is conditional.

2. Remove ‘4’ only by passing removal exam; no re-enrolment in course is allowed unless student fails removal exam.

3. If not removed within the prescribed period (one year), grade of ‘4’ automatically becomes ‘5’. Grade will be changed by the Registrar upon prior information to the concerned teacher and adviser or in their absence, the department chair or institute director.

4. Use actual grade (‘3’, ‘4’ until it is removed, or ‘5’) to compute GWA, counting the subject once. This means that if the student gets a removal grade of ‘5’, this grade is included in the computation of the GWA; the grade the student gets after re-enrolling the course shall also be included in the computation of the GWA.

f. Change of grades. A student who has received a passing grade in a given course is not allowed reexamination for the purpose of improving his grades.

No faculty member shall change any grade after the report of grades has been filed with the Secretary of the college or with the University Registrar. In exceptional cases, as where an error has been committed, the instructor may request authority from the faculty of his college to make the necessary change. If the request is granted, a copy of the resolution of the faculty authorizing the change shall be forwarded to the Office of the University Registrar for recording and filing.

Notwithstanding the foregoing provision and to avoid any injustice, the grade on a final examination paper may be revised by a committee of the Dean of the college if it should clearly appear, on the basis of the quality of the scholastic record of the student, that such grade is the result of an erroneous appreciation of the answers or of an arbitrary or careless decision by the faculty member concerned. Should the change of the grade on said paper affect the final grade of the student, the committee may request authority from the faculty of the college to make the necessary change in the final grade. The request for reconsideration shall be made within 30 days after the receipt of the final grade by the student concerned.
No student shall directly or indirectly ask any person to recommend him to his professor/s for any grade in his class record, examination paper or final report of grades. Any student violating this rule shall lose credit in the subject/s where such recommendation is made. The fact that a student is thus recommended shall be prima facie evidence that the recommendation is made at the request of the student concerned.

g. **Submission of grades.** Every faculty member shall submit his report of grades as soon as possible after the final examinations at the end of each term. A period of five days is ordinarily allowed for each section for the grading of papers and the preparation of the report of grades. In case an instructor handles several sections and the interval between the examinations is less than five days, he shall submit the reports of grades for the various sections at the rate of one report at the end of every five-day period after each day after the last day of the examination period. In justifiable cases, deviation from the above rules may be authorized by the Vice Chancellor for Instruction.

h. **Release of grades.** Report of a student’s grades are routinely released to the student and mailed to his/her parents at the end of every semester.

i. **Penalties for late submission of grades**

The following implementing rules and regulations shall govern penalties applicable to faculty members who, without good reason, fail to submit grades of students within the deadline prescribed above:

i. Since the prompt submission of grades is in large part a matter of good management, discipline and enforcement of University regulations, Department Chairmen, College Secretaries and Deans are enjoined to bend all efforts towards compliance with codal provisions regarding deadlines for submission of grades as well as recommendations for graduation of students.

ii. Faculty members who fail to meet deadlines for the submission of grades should be reported to the appropriate authorities in the University. The delinquencies should be entered in the personnel records of the erring faculty members.

iii. Upon recommendation of the Dean and subject to the approval of the Chancellor, a faculty member who, without justifiable cause, fails to submit grades on time, shall be liable to any of the following penalties.

   a. Warning;
   b. Reprimand;
   c. Fine of not more than his salary per day for each day of delay; or
   d. Suspension without pay for a period not exceeding one semester in case of repeated delinquency.
iv. The procedure for the imposition of any penalty shall consist of the following steps:

   a) Notification of deadline, including request for an explanation.
   b) Report of delinquency; and
   c) Order imposing the penalty.

7. Honorific Scholarships from the University

a. University Scholarship. Any undergraduate or graduate student who obtains at the end of the semester a weighted average of 1.45 or better, or 1.25 or better, respectively, is given this honorific scholarship. University scholars are listed in the Chancellor's List of Scholars.

c. College Scholarship. Any undergraduate or graduate student who, not being classed as University scholar, obtains at the end of the semester a weighted average of 1.75 or better, or 1.5 or better, respectively, is given this honorific scholarship. College Scholars are listed in the Dean's List of Scholars.

d. Additional requirements for honorific scholarship. In addition to the general weighted average prescribed, a student must have taken during the previous semester at least 15 units of academic credit or the normal load prescribed (in the case of graduate students, not less than 8 units); must be up-to-date with all the non-academic requirements (PE and MS); and must have no grade below 3 in any academic or non-academic subject. Honorific scholarships do not entitle the holders to any tuition fee waiver, either partial or full.

8. Scholastic Delinquency. The faculty of each college or school shall approve suitable and effective provisions governing undergraduate delinquent students, subject to the following minimum standards:

a. Warning. Any student who, at the end of the semester, obtains final grades below 3 in 25 percent to 49 percent of the total number of academic units for which he is registered will receive a warning from the Dean to improve his work.

b. Probation. Any student who, at the end of the semester, obtains final grades below 3 in 50 percent to 75 percent of the total number of academic units in which he has final grades shall be placed on probation for the succeeding semester and his load shall be limited to the extent to be determined by the Dean.

   Probation may be removed by passing with grades of 3 or better in more than 50 percent of the units in which he has final grades in the succeeding semester.

c. Dismissal

   i. Any student who, at the end of the semester, obtains final grades below 3 in more than 75 percent but less than 100 percent of the total number of
academic units in which he receives final grades shall be dropped from the rolls of the college.

ii. Any student on probation who again fails in 50 percent or more of the total number of units in which he receives final grades shall be dropped from the rolls of the college, subject to the provisions of the following article.

iii. Any student dropped from one college shall not ordinarily be admitted to another unit of the University unless, in the opinion of the Dean of Students, his natural aptitude and interest may qualify him in another field of study in which case he may be allowed to enroll in the proper college or department.

d. **Permanent Disqualification**

i. Any student who, at the end of the semester, obtains final grades below 3 in 100 percent of the academic units in which he is given final grades shall be permanently barred from readmission to any college or school of the University.

ii. Any student who was dropped in accordance with Item (iii) above of the rules on Dismissal and again fails which make it necessary to drop him again, shall be not eligible for readmission to any college of the University.

iii. Permanent disqualification does not apply to cases where, on recommendations of the instructors concerned, the faculty certifies that the grades of 5 were due to the student's unauthorized dropping of the subjects and not to poor scholarship. However, if the unauthorized withdrawal takes place after the mid-semester and the student's class standing is poor, his grades of 5 shall be counted against him for the purpose of this scholarship rule. The Dean shall deal with these cases on their individual merits in the light of the recommendations of the Vice Chancellor for Instruction; provided, that, in no case of readmission to the same or another college, shall the action be lighter than probation.

A grade of *Incomplete* is not to be included in the computation. When it is replaced by a final grade, the latter is to be included in the grades during the semester when the removal is made.

Required courses in which a student has failed shall take precedence over other courses in his succeeding enrollment.

Students who are dropped for reasons of double probation, dismissal or permanent disqualification must first qualify for readmission before they are allowed to register during the succeeding semester. Applications for readmission are processed at the Office of Student Affairs.

No readmission of dismissed students or disqualified students shall be considered by the College deans without the favorable recommendation of the Dean of Students. Cases in which the action of the College Dean conflicts with the recommendation of the Dean of Students may be elevated to the Vice Chancellor for Instruction. His decision shall be final.
9. **Honorable Dismissal.** A student in good standing who desires to sever his connection with the university shall present a written petition to this effect to the University Registrar, signed by his parent or guardian. If the petition is granted, the student shall be given honorable dismissal.

Generally, honorable dismissal is voluntary withdrawal from the University with consent of the University Registrar or his representative. All indebtedness to the University must be settled before a statement of honorable dismissal will be issued. The statement indicates that the student withdrew in good standing as far as character and conduct are concerned. If the student has been dropped from the rolls on account of poor scholarship, a statement to that effect may be added to the honorable dismissal.

A student who leave the university for reason of suspension, dropping or expulsion due to disciplinary action shall not be entitled to honorable dismissal. Should he be permitted to receive his transcript of record or the certification of his academic status in the university, it shall contain a statement of the disciplinary action rendered against him.

10. **Graduation Requirements.** No student shall be recommended for graduation unless he has satisfied all academic and other requirements prescribed thereto.

Candidates for graduation who began their studies under a curriculum which is more than 10 years old shall be governed by the following rules:

i. Those who had completed all the requirements of the curriculum but did not apply for, nor were granted the corresponding degree or title shall have their graduation approved as of the date they should have originally graduated.

ii. Those who had completed all but two or three subjects required by a curriculum shall be made to follow any of the curricula enforced from the time they first attended the University to the present.

During the first three weeks after the opening of classes in each semester, each Dean or his duly authorized representative shall certify to the University Registrar a list of candidates for graduation at the next commencement. The University Registrar, in consultation with the chairmen of divisions or departments concerned, in the case of students majoring in their respective departments or divisions, shall then inquire into the academic record of each candidate with a view of ascertaining whether any candidate in such a list has any deficiency to make up for and whether he has fulfilled all other requirements which qualify him to be a candidate for graduation. However, footnotes to that effect should be given. Ten weeks before the end of a semester, the Registrar shall publish a complete list of duly qualified candidates for graduation for that semester.
a. **Guidelines in connection with graduation.** The requirements for graduation include the completion of all academic as well as non-academic requirements such as submission of bound copies of the thesis, if thesis is required.

Students who have completed all requirements for graduation on or before the deadline set for this purpose are listed as candidates for graduation as of the end of that semester.

If however, some graduation requirements are completed beyond the deadline, the student must register during the succeeding semester in order to be considered a candidate for graduation as of the end of that semester. The deadline for completion of the requirements for graduation are:

i. For those graduating as of the end of summer, the deadline is the day before the first day of regular registration for the first semester.

ii. For those graduating as of the end of the first semester, the deadline is the day before the first day of regular registration for the second semester.

iii. For those graduating as of the end of the second semester, the deadline is the day before the college/school faculty meeting to decide the graduation of students.

All candidates for graduation must have their deficiencies made up and their records cleared not later than five weeks before the end of their last semester except those in academic subjects and in Physical Education and Citizen Military Training in which the student is currently enrolled during that semester.

No student shall graduate from the University unless he has completed at least one year of residence work which may, however, be extended to a longer period by the proper faculty. The residence work referred to must be done immediately prior to graduation.

No student who fails to pay the required graduation fee within the specified period set by the University Registrar shall be conferred any title or degree. Such a student may, however, upon his request and payment of the necessary fees, be given a certified copy of his credentials without specifying his completion of the requirements toward any title or degree.

b. **Formal application for graduation.** Instead of a separate application for graduation, graduating students should check the appropriate box in their registration Form 5 to indicate whether they are graduating or not at the end of the term. This information shall serve as the basis for identifying candidates for graduation so that their records can be checked early enough.

c. **Clearance as requirement for graduation.** Students who have completed all the academic requirements for their respective degrees may be recommended for graduation even if they have not processed their clearance. However, the granting of honorable dismissal and the issuance of the transcript checklist and diploma shall be withheld pending submission of clearance by the student.
11. **Graduation With Honors**

Students who complete their courses with the following absolute minimum weighted average grade shall graduate with honors:

\[
\begin{align*}
\text{Summa cum laude} & \quad 1.20 \\
\text{Magna cum laude} & \quad 1.45 \\
\text{Cum laude} & \quad 1.75
\end{align*}
\]

All the grades in all subjects prescribed in the curriculum, as well as subjects that qualify as electives, shall be included in the computation of the weighted average grade.

Furthermore, in cases where the electives taken are more than those required in the program, the following procedure will be used in selecting the electives to be included in the computation of the weighted average grade:

1. For students who did not shift programs, consider the required number of elective in chronological order.
2. For students who shifted from one program to another, the electives to be considered shall be selected according to the following order of priority:
   a) Electives taken in the program where the student is graduating will be selected in chronological order.
   b) Electives taken in the previous program and acceptable as electives in the second program will be selected in chronological order.
   c) Prescribed course taken in the previous program but qualify as electives in the second program will be selected in chronological order.

**Additional rules.** Candidates for graduation with honors must have completed in the University at least 75 percent of the total number of academic units or hours for graduation.

In the computation of the final average of candidates for graduation with honors, only resident credits shall be included.

Students who are candidates for graduation with honors must have taken during each semester not less than 15 units of credit or the normal load prescribed in the curriculum. In cases where such normal load is less than 15 units, unless the lighter load was due to justifiable causes such as health reasons, unavailability of courses needed in the curriculum to complete the full load, or the fact that the candidate is a working student, students cannot be considered for graduation.

To justify underloading, the submission of the following documents is required:

1. For health reasons - medical certification to be confirmed by the University Health Service.
2. For unavailability of courses - certification by the major adviser and copy of schedule of classes.
3. For employment - copy of payroll and appointment papers indicating among others duration of employment.

It is the responsibility of the student to establish beyond reasonable doubt the veracity of the cause(s) of his light loading. It is required in this connection that documents submitted to establish the cause(s) of his loading, such as certificate of employment and/or medical certificate, must be sworn to. These documents must be submitted during the semester of underloading.

12. Commencement Exercises

Attendance in the general commencement exercises shall be optional. Graduating students who choose not to participate in the general commencement exercises must so inform their respective deans or their duly designated representatives at least ten days before the commencement exercises.

Graduating students who absent themselves from the general commencement exercises shall obtain their diplomas, or certificates and transcripts of records from the Office of the University Registrar provided that they comply with the above provision and upon presentation of the receipt of payment of the graduation fee and student's clearance.

Academic costumes. Candidates for graduation with degrees or titles which require no less than four years of collegiate instruction shall be required to wear academic costumes during the baccalaureate service and commencement exercises in accordance with the rules and regulations of the University.

13. University Policy on Student Records

The University maintains various records of students to document their academic progress as well as to record their interaction with University staff and officials. Students’ records are generally considered confidential except the directory of currently registered students which is open to the public. The directory provides information on each student’s name, I.D. number, college, course, classification and college address.

a. Transcript of records. Student records are confidential and information is released only at the request of the student or of appropriate institutions. “Partial” transcripts are not issued. Official transcript of records obtained from other institutions and submitted to the University for admission and/or transfer of credit become part of the student’s permanent record and are issued as true copies with the UP transcript.

Application for transcript of records shall be filed at the Office of the University Registrar upon presentation of the student clearance. A certain fee for transcript preparation will be charged to the concerned party. Graduates are encouraged to request for their transcripts as early as possible to avoid unnecessary delay.
b. **Withholding of records.** When a student has pending financial obligations to the University, or when he has been charged with an official disciplinary action, the appropriate University official may request that the student's record, e.g., transcripts, registration forms, be withheld. Departments and offices for example, submit before the end of each semester the names of students with financial accountabilities to the students' respective College Secretaries so that the action may be rescinded. The Office of the College Secretary concerned or University Registrar must receive written authorization from the official who originally requested the action, indicating that the student has met the obligation.
