J. Concerns (Students, Faculty, REPS, and Administrative Staff)

No.	Concerns and Issues	Status	Unit
1	ENSC, Math, and Physics Petitions	RESOLVED	CSC
2	Men's Residence Hall Accommodation Concern	<p>RESOLVED</p> <p>Statement released by CEAT Student Council last June 7, 2017:</p> <p>“[Men's Residence Hall Accommodation Concern] Last Monday, June 5, 2017, the Men's Residence Hall (MRH) refused to accommodate students who needed to stay in the said dormitory. With this, a number of students especially those who live in distant provinces did not have a place to stay during the removals period. As per talk with the MRH's dorm manager, students will only be allowed to check in if and only if they have registered for the midyear having their Form 5 as proof. The CEAT Student Council went to the University Housing Office (UHO) and had a meeting with the UHO Chief, Mr. Zoilo Belano, and the MRH Dorm Manager about the said matter. The dorm manager reasoned out that students were not allowed to check in since the rooms aren't prepared yet. This is due to students vacating their respective rooms behind schedule. As of today, June 7 2017, MRH's dorm manager assured that the rooms have been cleaned and students who wish to stay in the said dormitory during the midyear term will now be allowed to check in. However, failure of these students to acquire a subject during the midyear registration will be obliged to pay the transient fee of PhP 150.00 per day as per the Residence Hall Agreement. UHO is very eager to address problems such as this, and if problems concerning dormitories arise, they are very much willing to help.”</p>	CSC
3	Practicum-SAIS Concern	<p>CEAT Students who are taking their practicum this midyear had concerns regarding the info dissemination of the 200a sections available in SAIS, specifically on the unit distributions per section (ex. Section A is for 1 unit, Section B for 2 units, Section C for 3 units). Students had a hard time coming back to the OCS to change the subject stated since their practicum has already started. They hope for better info dissemination for the next set of students who will take their OJT.</p>	CSC
